Business Men To Tour
To Advertise Salem
Gala Day

When Salem streets are thronged
Sunday, Sept. 28, for the Salem
community festival, one of the stellar
attractions will be the Good-
year blimp.

Through the efforts of E. F. Hau-
ser and his aviation committee, ar-
rangements have been completed to
have the blimp arrive in Salem
about 1 p. m., weather permitting.
It is also possible that the blimp
will land here, and if so, Reilly
field will be the scene. The blimp
will remain in Salem about a half
hour, and if it lands the Goodyear
company will send its landing crew
to the field.

Two stunt flyers from Canton
will add to the aerobatics part of
the day's festivities by appearing in
the skies above Centennial park
about 4 p. m. Parachute leaps, bal-
loon breaking contest and other
events will be performed by the
blimp.

The committees are continually
adding something to the program
and it is in a general way when
the first met. Announcement was
made today that three street enter-
tainers will be here, appearing at
Reilly field during the horse show
and later in the business section.
The platforms will be built for
the parade.

While the parade, scheduled to
start at 10 a. m. is attracting horse
fans, because of the many classes
of entries, there will be a
variety of other parade fea-
tures. Antique vehicles, decorated
cycles, doll carriages, etc., will be
entered for prizes. A few floats are
being prepared and several manu-
facturers are expected to place ex-
hibits in the parade.

Parade Features
Plans are being made to have a
man and woman, dressed as Indians
and George and Martha Wash-
ington lead the parade. The parade
committee has assigned this task to
Miss Grace P. Orr. Following these
characters a covered wagon of the
colonial type will appear in the
parade. There will be a color guard
from the American Legion and two
bands will furnish music.

Another meeting of the commit-
tee chairman has been called by
General Chairman R. S. McCulloch
on Monday night. Business men
will leave on a tour of surrounding
towns Tuesday evening to adver-
tise the festival and to urge their
citizens to come to Salem Fri-
day and Saturday, Sept. 27 and 28.

Plans for Ohio Assembly
Of Rebekahs Discussed
By Salem Group

Approximately 200 Rebekahs are
expected in Salem for the eighteenth
annual special session of the Ohio
Rebekah assembly, which will be
held at the I. O. O. F. hall, Broad-
way, Wednesday.

Plans for the session were dis-
cussed at a meeting of Home lodge
No. 10, Daughters of Rebekah,
Friday evening. Two applications
for membership were accepted.
These candidates will be initiated
at the closing session of the con-
vention Wednesday evening.

Two state officers are expected
on Wednesday. They are: Mrs.
Olive Kunkel, Lakewood, state
president, and Mrs. Anna I. Hen-
derson, Columbus, state secretary.

They are scheduled to participate in
the afternoon session.

Enroute To Japan

Four Japanese scoutmasters, typical of the leaders of Japan's 60,000 Boy Scouts, stopped in Chicago yesterday on their way home from the international jamboree in England to look over the work of the organization in that city. They left later for Los Angeles en route to Japan, carrying with them many new ideas for work in their native land. COLLEGE STUDENTS OF SALEM FAVOR BUCKEYE STATE IN SELECTIONS

Mt. Union College In Lead With Ohio State Second
Choice; One Hundred and Fourteen Leave City
For Institutions of Learning This Year

More than half the young people
leaving Salem this autumn in
pursuit of a higher education, have
chosen Ohio colleges, although Sa-
lem will be represented in some of
the best institutions of learning in
the country.

Mt. Union college, Alliance, which
was second in choice last year, is
in the lead again this year, favored
by 16 students out of a list of 114.
Ohio State university, Columbus,
which was first choice last year, has
taken second place this year with 14
Salem students enrolled.

Ohio university, Athens, takes
third place, with eleven students on
its roll, while Western Reserve uni-
versity, Cleveland, and Wooster
share honors for fourth place.

Ohio Wesleyan, Delaware, is
fifth with five students entered
from Salem.

Here are the names of the stu-
dents and the schools which they
have selected:

Mt. Union college, Alliance—Ber-
tha Mae Hasey, Henry Yagel, Myr-
ron Sturgeon, Fred Beardmore,
Richard Joseph Cope, Robert Cope,

wer, Helen McHugh, Ida Mae Hil-
liard, Clara Cromwell.

MEMORY ROAD FORMS TOPIC AT STATE MEETING

Salem Delegations Take
Part In Gathering at
Liverpool

What will probably be the final
meeting previous to submitting
plans for the new "Road of Remem-
brance" to Governor Myers Y.
Cooper for approval of state offi-
cials, will be held at East Liverpool,
at 2 p. m. Tuesday.

Six residents from this city have
been named to participate in the
meeting, which is held for the pur-
pose of further acquainting resi-
dents of Columbiana county with
the project and to continue de-
velopment of the plans for it. Var-
ious Salem organizations, the Amer-
ican Legion, Rotary club, Quota
club, Business bureau, and others
have endorsed the project and are
expected to send delegates.

Committee Selected

The six persons named from this
city to the "Remembrance Road"
committee are: Charles G. McCork-
hill, R. S. McCulloch, Mrs. Bert
Leeper, Mrs. E. E. Dwyall, W. W.
Brown and Mrs. W. W. Tolerton.

Appointments to the committee
were made by W. M. Cooper, chair-
man of the Mahoning county board
of commissioners and president of
the Remembrance Road association.
Delegates from Salem civic clubs
will also take part.

This will be the sixth of a series
of meetings held by the road as-
sociation for the purpose of increas-
ing interest in the project. More
than 250 persons, residents of Col-
umbiana, Mahoning, Trumbull and
Ashtabula counties attended the
fifth session, held at Kingsville,
Ashtabula county, recently. East
Liverpool was selected as the site of
the next meeting after Albert P.
Morris, manager of the Columbiana
County Motor club suggested that
residents of this county should be
given the opportunity of hearing
more of the proposed project.

Extends 100 Miles

The road is planned as a new
highway from the Ohio river to
Kingsville, a distance of about 100
miles. It will pass three of the main
highways of the state. Much inter-
est is centered on the project, due
to the plan of its founders to plant
American elm trees on both sides of
the 60-ft. highway as monuments to
work performed by men and
women of Ohio in the United
States army during the World
war. The plan was first started by a
group of Youngstown federated
women's clubs, which planned trees
along the new Boardman road in
Mahoning county.

The highway will not pass through
Salem, but its interest to residents
of this city is emphasized by exponents
of the project, because of its
major importance to Columbiana
county. It will be one of the most
scenic roadways in the state, ac-
cording to present plans.

Plans will be made for a more
complete meeting to be held soon
after Tuesday's meeting, in next
week's session. At this future meet-
ing Gov. Myers Y. Cooper and High-
way Commissioner R. C. Ward will
be asked to attend and the com-
plete plans of the road submitted to
them for their approval.

Librarians Meet

The annual meeting of the Ohio
Library association will be held in
Cincinnati, Oct. 9, 10 and 11.

Former Bootlegger Becomes
Host In Prison Restaurant

Dayton, O. Sept. 21.—Samuel
Cohen, Cleveland liquor violator in
the Dayton workhouse, has
an eye for business even though
he is confined in a prison, but
that characteristic may lead to a
rigorous probe.

Accusations that there are
certain privileged prisoners in the
workhouse are being made.
High city officials, led by City
Welfare Director E. V. Stock-
len, raided the jail and uncer-
moniously burned down the work-
house, which was being used as a
dining room, which would have
been very creditable for a first
class eating place.

Two cupboards, which were
filled with china ware and silver
of a fine quality, were raided
and expensive foods and deli-
cacies, which are not regularly
on the prison menu, were al-
leged to have been found.

It was charged that Cohen,
who is serving a nine months'
term for liquor law violations,
was the proprietor of this jail
restaurant.

The cupboards were located in
a greenhouse of the battle and
Sammy Cohen was found work-
ing there also in clothes which
were far superior to those
generally worn by prisoners.

Cohen today had been trans-
ferred to a different section of
the workhouse and put on the
regular prison fare.

An exhaustive investigation
is to be made.

Prisoner's Heroism Gains Reward

Columbus, Sept. 21.—The
heroism of William O'Malley,
a prisoner at Ohio peniten-
tiary, during the Junction
city state prison conflagration
some months ago, is going to
receive its just dues, it was
announced today by the
board of clemency. He is to
be liberated Nov. 1, by order
of the board.

O'Malley's name was on the
lips of every survivor of the
Junction City prison dormi-
tory fire when he broke in a
door and led 100 male prison-
ers to safety.

He was sentenced to the
penitentiary to serve from
six to 20 years, from Cuya-
hoga county for operating a
motor vehicle without the
owner's consent.

BRICKER FREED FROM CITY JAIL; FINE SUSPENDED

Bond Provided On Grand
Jury Charge; City
Penalty Off

George Bricker, 41, Pershing
ave., was released from city jail Fri-
day afternoon, when O. P. Sidwell,
Winona, appeared and deposited a
certified check for \$500 as bond for
him, with Mayor Phil O. Haddison.

The \$25 fine and costs, imposed
by Haddison on a charge of resist-
ing an officer in execution of
his duties.

He was accused of aiding Earl A.
Ritchie, Salem constable in escap-
ing from Patrolman Michael Welch
that night. He was fined \$25 and
costs on the resistance charge and
bound over to grand jury on \$500
bond on the second.

No additional word has been re-
ceived from Ritchie since he was
noted Salem friends that he was
in Steubenville, where he will remain
for several days. He exonerated
Bricker from any complicity in as-
sisting him in making his escape
from Welch.

Ritchie stated that he was at-
tempting to secure assistance from
federal courts, and will return here
soon.

MT. UNION HAS 178 FRESHMEN

Alliance College Shows
Growth With Large
1st Year Class

Alliance, Sept. 21.—Official figures
today stated a total of 178 fresh-
men enrolled in classes at Mount
Union college, during the week,
bringing the total enrollment of
the college to 509, the maximum
set by trustees of the institution.

Men outnumbered women in the
first year entrants, there being 109
men and 69 co-eds. The total
freshmen enrollment is 25 greater
than last year's. Upper classmen
flooded into the college all week,
filling girls' dormitories to capacity,
while fraternity houses were over-
flowed.

Sixteen Salem High graduates
have enrolled in the college. They
are: Anna Ruth Miller, Bertha Mae
Hasey, Henry Yagel, Myron Stur-
gen, Fred Beardmore, Richard J.
Cope, Robert Cope, Beale Floyd,
Louise Smith, Anna Ospeck, Fred
Guilford, Lowell Emerson Allen,
Harold Hurst, Margaret Bryan, Paul
Ingledue.

Few Included In
Party of Premier

London, Sept. 21.—Premier Ram-
say MacDonald has virtually decid-
ed to take no officials to Washing-
ton with him, it was learned Friday
afternoon.

It is understood that the Mac-
donald party will consist of the fol-
lowing persons in addition to the
premier: His daughter, Miss Isabel;
his secretary, Rose Rosenberg; and
his bodyguard, Inspector Dev, of
Scotland Yard.

COLUMBIANA CO. RURAL SCHOOLS START SESSIONS

Monday Opening Day for
99 One-Room Rural
Buildings

TEN BUILDINGS
ARE ELIMINATED

Staff of 150 Teachers
To Take Charge
Of Pupils

One hundred and fifty teachers
will formally take charge of classes
in more than 100 schools in rural
districts of Columbiana county Mon-
day, when pupils enter sessions
there for the first time this year.

Included in the number of rural
schools scheduled to hold their for-
mal opening Monday are 99 one-
room buildings, ten having been
eliminated through the consolida-
tion of districts in Salem township.
Monday will mark the official open-
ing of the buildings, all of which
will be in session for only eight
months.

More than 6,500 pupils will be in-
cluded in enrollments in Columbiana
schools after these rural schools
hold their general opening. H. C.
Leard, county superintendent of
schools, stated Friday afternoon.
Rural high schools and institutions
under municipal supervision started
1929-30 sessions two weeks ago.

Only one school in the county has
yet to open. New Waterford's new
school building being under con-
struction at the present time. It will
be completed about October 1.

In addition to the closing entirely
of ten of the one-room buildings
three others, in Salem township
have been consolidated with the
Butler township district, but they
will remain open, under the super-
vision of the Butler township board
of education.

Seven school districts have been
eliminated in the county, 28 being
maintained now, while 35 were for-
merly established.

Salem High Opens Grid Season Today

With all weather indica-
tions pointing to an almost
ideal football day, the 1929
football season will be usher-
ed in this afternoon at
Reilly stadium.

Salem High, Columbiana
county football champion for the
past three seasons, meets
Leetonia High graders in the
inaugural event of the Salem
grid season, at the new school
field at 2:30.

It will be the first time fans
will view a grid battle from
the stadium since the con-
struction of the additional
sets of bleachers last summer.
The stadium now has seating
capacity of approximately
3,000 spectators.

The Salem High school
band will play at the game.

GARDEN WORK PROVES SAVING

Fairmount Home Pre-
serves Much For Fu-
ture Food

Farm produce grown at the Fair-
mount children's home reduced the
cost of maintaining the institution
\$600 last month, Supt. R. D. George
has informed the board of trustees.
He said 200 gallons of tomatoes and
50 gallons of pickles have been
canned and several barrels of sauer-
kraut put up for future use.

Following an inspection, the trust-
ees complimented Supt. and Mrs.
George on their work, and pro-
nounced the home to be in the best
condition in years. Both Mr. and
Mrs. George expect to take the
civil service examination for super-
intendent and matron respectively
which will be held in Alliance Sept.
24. They are now serving under
provisional appointment.

Coast Guardsmen Indicted By Jury

Toledo, O. Sept. 21.—Gardner D.
Young, captain of a coast guard pa-
trol boat on Lake Erie, today is
under an indictment by the Lucas
county grand jury on charges of
shooting with intent to kill and
wound.

It is alleged that Young's revenue
cutter fired on a boat which, Ruth-
erford Hayes, of Port Clinton, was
sailing. Hayes was seriously wound-
ed.

The alleged shooting which was
said to have been done by a ma-
chine gun, took place at the mouth
of Crane Creek, near Bono, on
Aug. 29.

POTENTATE G. L. WILLIAMS

SHRINERS MEET IN CEREMONIAL AT YOUNGSTOWN

Salem Masons Will Take
Part In Event Of Al
Koran Temple

Several thousand Shriners of
northeastern Ohio are expected
to assemble in Youngstown next
Monday for the fall ceremonial of
Al Koran temple of Cleveland. In
this group will be more than 200
from Columbiana county, many of
them from Salem.

Honored guest on this occasion
will be Imperial Potentate Leo V.
Youngworth of Los Angeles. Potent-
ate George L. Williams of Al
Koran temple and his aides are
preparing to initiate a class of 150
candidates.

Headquarters will be established
at the Hotel Ohio, where luncheon
will be served at noon. The parade
will form on Boardman st. at 12:30
p. m. and the Shriners will march
to Stambaugh auditorium, where
the afternoon and evening pro-
grams will be presented.

The ceremonial will open at 1:30
and at 8 dinner will be served in
the auditorium. From 6 to 7 Al
Koran band will give a concert in
Wick park, across the street from
the auditorium; the patrol will give
a drill and an exhibition will be
offered by Al Koran drum.

A short program of entertainment
will follow in the auditorium and
the imperial potentate will be pre-
sented at 8:15. At 8:45 Al Koran
temple choir will sing and vaude-
ville acts will follow.

21 Other Issues

With the water project vote being
scheduled for Salem, 21 other spe-
cial issues, including 18 tax levies
and three bond proposals will go on
ballots in other sections of the
county, at the November election.

East Palestine faces a vote on a
proposed \$65,000 bond issue for a
high school auditorium, and elec-
tion in Unity township will be asked
to approve a proposed issue of \$50-
000 in bonds for the construction
of a new school. A \$10,000 fire station
bond issue is scheduled to be voted
upon in Leetonia.

Fourteen of the proposed tax levies
are for school purposes; one is
for street lighting, and another for
road improvements. In East Liver-
pool, two proposed levies, one for
the city hospital and the second for
free garbage collection will be sub-
mitted.

The 18 levies are:
Center township school district—
Three-mill levy for five years.
Columbiana village school dis-
trict—Three-mill levy for five years.

SALEM MASONS PLAN ACTIVITIES

Series of Affairs Over
Winter Outlined For
City

The Masonic fraternity of Salem
is arranging for a series of six
social functions for this winter, for
Masons and their families.

A committee composed of rep-
resentatives from the various bodies
in the fraternity is making the ar-
rangements.

These include Perry lodge, Salem
City lodge, Salem commandery, the
Masonic club and Eastern Star.

The first one will be given on
Friday evening, Oct. 18, in charge of
the general committee. Dancing
and cards will furnish amusement
and lunch will be served.

Social affairs will be held each
month beginning with October and
up to and including March.

The nature of the other socials
and the dates on which they will
be held will be announced in the
near future.

VOTERS TO GIVE OPINIONS DURING COMING ELECTION

22 Special Issues For
County Ballots On
November 5th

PUBLIC BUILDINGS
AMONG ISSUES

Fourteen Tax Levies In
Columbiana County
For Schools

The Butler water project will be
voted upon by Salem voters at the
next general election, scheduled
November 5. Assurance that the
issue will be placed upon ballots in the
city was given today, in an an-
nouncement by John W. Moore,
clerk of the board of supervisors of
election, at East Liverpool.

The resolution requesting that
the board take action in submitting
it to a vote will be sent to East Liver-
pool today. Frank L. Griffin,
clerk of city council stated Friday
afternoon, and according to Moore,
this will be in accordance with the
Ohio law, due to the fact that coun-
cil had certified initial action on the
project with the county auditor
several weeks ago.

Was Only Certified

Council's action in the certifica-
tion of the first resolution with the
auditor, at Lisbon, was the deter-
mining factor in deciding whether the
project would be voted upon next
November. Moore's early opinion,
that it would not come to a vote
this year was based on the belief
that council had failed to take this
action.

Any resolution to bring an issue,
such as the water project, if passed
by a political subdivision, must be
certified with the county auditor 60
days prior to the next election, in
order to insure its appearance on
the ballots, Moore stated. The audi-
tor then must return it to the group
which formulated it, and this group,
which in Salem's case is city coun-
cil, must take final action, through
passage of an ordinance determin-
ing to go ahead with bringing it to
a vote, and certify this ordinance to
the elections board of the county
40 days prior to the election date.

If the ordinance, which city coun-
cil passed at its meeting Tuesday
night, is sent to Moore today, it will
be received several days previous to
the closing date, which is next
Thursday, Moore ruled. In taking
this final action, he said, the legis-
lators will have complied with all
laws regarding the placement of
such issues before the county board.
If it is received by the board within
the 40-day limit, only some un-
looked-for legal entanglement can
block its appearance on the Novem-
ber ballots.

21 Other Issues

With the water project vote being
scheduled for Salem, 21 other spe-
cial issues, including 18 tax levies
and three bond proposals will go on
ballots in other sections of the
county, at the November election.

East Palestine faces a vote on a
proposed \$65,000 bond issue for a
high school auditorium, and elec-
tion in Unity township will be asked
to approve a proposed issue of \$50-
000 in bonds for the construction
of a new school. A \$10,000 fire station
bond issue is scheduled to be voted
upon in Leetonia.

Fourteen of the proposed tax levies
are for school purposes; one is
for street lighting, and another for
road improvements. In East Liver-
pool, two proposed levies, one for
the city hospital and the second for
free garbage collection will be sub-
mitted.

The 18 levies are:
Center township school district—
Three-mill levy for five years.
Columbiana village school dis-
trict—Three-mill levy for five years.

Deputy Master Is Inspector of Grange

Deputy Master Vernon E. Crouse,
of North Lima, conducted the an-
nual inspection of Goshen grange
at a meeting Friday evening at the
hall, northwest of Salem.

The fourth degree was given in
full form to a class of six and
candidates were obligated in the third
degree. Mr. Crouse complimented
the grange for its work.

At the lecture hour there was
a discussion on "The Best Type of
Fertilizer Adapted to This Commu-
nity" by C. D. Carr. Chris Seigen-
thaler and H. A. Shinn. Other
numbers were: Readings, Doris
Maxine Miller and Bertha Kamp-
fer; vocal solo, Averil Campbell,
she played her own accompani-
ment; piano solo, Mrs. E. E. Bon-
sall. Stunts were put on by differ-
ent members.

Messrs. Morgan and Dilworth, of
North Lima, were visitors at the
meeting. Lunch was served.

THE TELE-A-TELE

There has been much space consumed in the newspapers speculating on the visit of Premier MacDonald, and his conference with President Hoover. It appears to be the judgment of news writers at Washington that these distinguished statesmen will discuss naval parity—and nothing else. But that is not our guess.

Bigger things than American-British naval accord, with a corresponding arrangement affecting all maritime nations, will be discussed by Mr. Hoover and Mr. MacDonald. The whole problem of relations between the British commonwealth of nations and the United States will come under review. Prime Minister MacDonald and President Hoover will, for example, ask themselves this question:

"How are we to make certain that no war-like eventuality, from whatever quarter it may threaten, shall imperil the peace of the English-speaking world?"

That goes a considerable distance beyond non-competition in warship construction. It is a much broader problem than parity in navies. It is a question affecting the all-time security of every one of us—and these two men, representing the greatest countries on the globe, will discuss it frankly, above-board and without the usual string-pulling that retards discussions of this sort in the capitals of Europe, where statesmen are statesmen first, and humanitarians thereafter.

When England and America and the other maritime nations have brought their navies substantially equal in combat strength, they will have only scratched the surface of universal peace. They will then be compelled to proceed farther to the conclusion of how their fleets are to be used in the event of unpreventable war.

The question of freedom of the seas is wide open today. Sea law is the melting pot. Almost no views concerning it have been formulated. There continues to be talk of freedom of the seas, whatever that nebulous and variously interpreted phrase may mean, but vigorous thinkers, abreast of the advance of international law, are beginning to challenge the whole position suggested by this well-rounded and oft-repeated sentence—freedom of the seas.

That is why we say the naval parity powwow between Mr. Hoover and Mr. MacDonald will be only the start of a far-reaching conference which will arrive at some very definite conclusion before it is ended. Neither Mr. Hoover nor Mr. MacDonald are big navy men. They believe in navies capable of affording to their respective nations that measure of safety normally expected of a navy, but they are not interested in navy building to the point where it will crowd the ports with formidable battleships, and offer a constant threat to the countries unable to maintain a parity.

Safeguarding the English-speaking peoples against future wars is far more important at the moment than naval building or naval parity. So we here in the hinterland may reasonably expect a lot more out of the MacDonald-Hoover conferences than the mere discussion of cruiser building and sea strength.

What Others Say

FOREIGN BORROWING
The boom in stocks has served as a brake on foreign borrowing in the United States. It has stiffened the money rate and thus increased the cost of loans, and this has also diverted the appetite of investors from bonds to shares. In a tabulation of recent foreign loans publicly offered in the United States the department of commerce shows that the total during the first half of the current year was only slightly more than half of that for the corresponding period of 1928. For the second quarter of these two years the difference is even more marked: the total, exclusive of refunding, being \$202,000,000 in 1929, compared with \$543,000,000 in 1928.

In view of the recent criticism by certain labor leaders of foreign governments borrowing in this country as tending to stimulate competition from abroad and thus to depress the

living standards of American wage earners, it may be worth recording that the loans to Europe, our chief industrial competitor, during the second quarter of this year were less than four per cent of the total foreign flotations. Approximately ninety-five per cent of the borrowing in this period was done by Latin American and Canada, and more than half of these loans were floated by governments. It is hard to find in such borrowing any menace other to American industries or to wage earners. —New York World.

CAUSES OF EPILEPSY STILL DEFY SCIENCE

By ROYAL S. COPELAND, M. D.
(United States Senator from New York)

DR. COPELAND

In the letters relating to my book on epilepsy, I had a letter from a woman named Willie.

He used to have "fits." The poor little chap would let out a yell, fall on the floor in a convulsion, froth at the mouth and bite his tongue.

Even in that remote day I expected to be a doctor. The teacher knew this so she always assigned me to the duty of taking care of Willie.

I don't know who told me to do it but the first step of my treatment always was to keep the teeth separated so as to prevent biting of the tongue. I kept a wooden clothes pin for this purpose and my first effort was to get it between his teeth. Aside from washing his face and preventing his hands from hurting himself in his convulsive efforts, I recall doing nothing else. In fact that's about all a real doctor could do.

Epilepsy is one of the mysterious diseases. Its causes are obscure. It is quite probable that an infection of some sort may be the root of the trouble.

It is wise for the epileptic to be given a thorough physical examination. Every effort must be made to discover and remove every possible source of infection. The progress made in the cure of functional insanity by getting rid of body poisons should be kept in mind in dealing with the epileptic. The medical profession is coming more and more to recognize the serious effect upon the system which follows the absorption of infections found in the teeth, tonsils, sinuses, generative organs and particularly the intestines.

It is expected that these poisons constantly absorbed by the blood must have serious effects upon the nervous system. Any poison, whether it comes from within or without the body, if taken in repeated doses is sure to create unpleasant symptoms. It may well be that epilepsy may be founded upon such a disturbance.

Answers to Health Queries
Mrs. F. W. Q.—What causes an offensive discharge from nose and throat?
A—This is probably due to nasal catarrh. For further particulars send self-addressed stamped envelope and repeat your question.

Mrs. C. V. Q.—Can chilblains be cured?
A—Yes. For particulars send a self-addressed, stamped envelope and repeat your question.

Mrs. J. J. Q.—What can be done for enlarged pores?
A—Enlarged pores may be made less noticeable by apply hot and cold compresses to the face, alternately, for ten minutes, night and morning.

MOLLY Q.—What should a girl aged 14, 5 ft. 2 inches tall weigh?
A—She should weigh about 110 pounds.

Correct the diet by cutting down on sugars, starches and coffee. Eat simple food. Send self-addressed, stamped envelope for further particulars and repeat your question.

Mrs. W. A. Q.—What do you advise for mucus colitis?
A—This disease is very obstinate and does not readily yield to treatment. Indiscipline in diet often brings on an acute attack. Constipation should be corrected. The medical treatment must be directed by the family physician after a personal examination.

H. G. Q.—How can I reduce weight?
A—Weight reduction is merely a matter of self control as regards the diet. Exercise is of course, essential. For details send a self-addressed, stamped envelope and repeat your question.

2—Yes.

For Sunday, September 22
Sunday's horoscope presages a fair of church, charity and state as well as metaphysical, occult or original investigations of a scientific nature. But there may be small disappointments or delays and employment is menaced.

Those whose birthday it is may look for some financial advantages, with changes of benefit and assistance of friends and those in position. But the employment should be safeguarded and there may be some delays in receiving.

A child born on this day may have some excellent qualifications for success but it may have to work hard and may succeed on its own account better than in employment.

Let your visit to that temple inevitable for feasting but ecstasy and sweet communion.

For Monday, September 23

The splendid mutual aspect between the luminaries on this day presages advancement, preferment and favor for those in employment and honors and assistance in important crises from those in places of position and power. Yet there is a hint of something sinister in secret agreements or conspiracy and the personal relations may not be as agreeable as desired.

Those whose birthday it is may anticipate a year of promotion and

HOSTS TO MUSICIANS

The home of Mr. and Mrs. J. W. Hundertmark, Roosevelt ave., was the center of an enjoyable gathering Friday evening when they entertained the pupils of their son, J. L. Hundertmark, teacher of violin, who helped to make the recent home talent concert a success.

J. W. Hundertmark gave a talk in which he encouraged the pupils in their musical career. Contests and games contributed to a jolly time.

A two-course lunch was served at a table decorated with flowers. The ice cream was a design of a violin. The layers were small rose baskets filled with candy. Some of the guests were from Alliance.

AT HICKING HOME

Four tables were in play at bridge when Mrs. H. H. Hicking extended hospitality to her club associates Friday afternoon at her home, Ellsworth ave. Prizes were captured by Mrs. Charles Snyder and Mrs. Omar Rinehart. Mrs. Harold Brannan was presented the guest prize.

Out of town guests were: Mrs. Brannan, Columbus, and Mrs. Harry Risher and Mrs. Dick Mason, Lisbon.

A meeting in two weeks will be with Mrs. L. W. King, Ellsworth ave.

SUCCESS CLUB

All the members of the Success Club were present at a meeting Friday afternoon at the home of Mrs. A. T. Hines, Evans st. Miss Lydia Cope of Damascus, was an invited guest.

Music entertained and fancywork was a diversion. At 5 o'clock the hostess served a three-course dinner. In two weeks the members will meet with Mrs. Hattie Murphy, McKinley ave.

JOLLY HESTERS CLUB

Contrasts proved an interesting diversion at a meeting of the Jolly Hesters club Friday evening at the home of Mrs. Michael Schuller, North Howard st. Honors were shared by Miss Dorothy Duncan, Mrs. Merrill Bates and Miss Laura Cochel. Lunch was served by the hostess.

In two weeks the members will meet with Mrs. Charles Roessler, Penn st.

BETHLEHEM CLASS

The Bethlehem class of the Methodist church had a business and social meeting Thursday afternoon at the home of Mrs. S. J. Broomall, Lincoln ave. Lunch was served by Mrs. Broomall and her associate hostesses, Mrs. Reitzel, Mrs. R. A. Ohi and Mrs. Stacy.

The October meeting will be at the home of Mrs. E. M. Peters, Highland ave.

DEVOL CLASS

A miscellaneous shower for Mrs. Carl Allen, before her marriage, Miss Virginia Willaman, was a feature of a social meeting of the DeVol class of the First Friends church Friday evening at the home of Miss Mary Lewis, Liberty st. Miss Lewis is teacher of the class.

The girls devoted the time to sewing for Miss Nellie Lewis, who is going to India to engage in missionary work. Lunch was served.

HONORS MISS KELLEY

Honoring Miss Esther Kelley, who will leave Saturday night for New York City, where she will attend Columbia university, a group of friends had a party Friday evening at Quaker Tea House, McKinley ave. Bridge was a favored diversion with two tables in play. Miss Kelley was presented a gift.

GIRLS WESLEYAN CLASS

Members of the Girls Wesleyan class of the Methodist church met Friday evening at the home of Mrs. E. H. Althouse, Damascus rd. After the business meeting a wienner and marshmallow roast was held.

The associate hostesses were Mrs. der, Mrs. Kingsley and Mrs. Sam R. E. Snicker, Mrs. Charles Snyder, Dinkelman.

Frank Shultz, a patient at the Salem City hospital, has been discharged.

ATTORNEYS GET DEATH WARNING

Former Carolina Prisoner Warns Prosecutors Of Threats to Kill

Charlotte, N. C., Sept. 21.—A former North Carolina prisoner, pardoned a few months ago, has written Ex-governor Connors, Edwin B. Bridges, of Charlotte, to warn three of the prosecuting attorneys in the Adair murder trial that New York gunmen are being sent to Gastonia "to take them for a ride."

The letter, according to bridges, apparently came out of a sense of gratitude for his aid in securing a pardon for the long-term convict. The former prisoner is also known to Judge H. Hoyt sink who succeeded Bridges as pardon commissioner. Both were willing to place some credence in it.

The prisoner wrote: "They are raising money to pump off Mr. John Carpenter, Major A. J. Bullock and Clyde R. Hoxey. Please warn these men."

Hoover to Stay Out Of Tariff Battles

Washington, Sept. 21.—President Hoover will "keep hands off" tariff wars until the new tariff bill has been enacted and sent to the White House for his approval, Senator Watson (R.) of Indiana, majority leader, announced Friday in the senate.

Watson denied published reports that Mr. Hoover favored either the bill already passed by the house or the measure now pending in the senate. He said the president could not announce favor for any measure until congress finally enacted one into law.

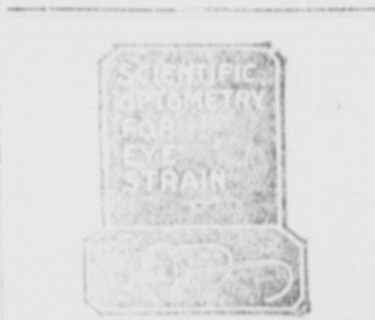

The statement about Mr. Hoover's attitude of aloofness came after a number of interesting developments in the tariff wars.

STATE RELEASES WOMAN IN CASE

Former Coed Is Freed Of Robbery Charge In Texas City

New Braunfels, Texas, Sept. 21.—Rebecca Rogers, former Texas university coed who was charged with the robbery of the Farmers National bank of Buda, Texas, is a free woman today as far as the state is concerned.

Her jury, following a 50-hour deadlock, was discharged last night without reaching a verdict, and the coed who was accused of robbing two bank clerks of \$150 at the point of a revolver was assured of her freedom when District Atty. Fred Blumel announced that he is "through with the case."

Five times yesterday the jury demanded the court to discharge them when it was evident that the ballot would remain nine to three for acquittal. Each time the judge ordered the jury to deliberate further. The 12 jurors deliberated by kicking on the jury room door and shouting their demands for discharge. Bailiffs re-enforced the door when the hinges showed signs of weakening under the blows from the square-toed boots of the jurors.

Primitive Irrigation Methods Still Used in Persian Wastes

Ancient Relics of the Babylonian Period Aid Native Farmers to Produce Necessary Crops From Desert Homesteads

Native seen using an ancient Persian treadwheel to lift water by the bucketful from a deep well after which it is poured on the parched soil.

"By the still waters of Babylon" That poetic phrase brings to view a wonderful picture. Through ancient Babylon, a city built of brick, flowed the river Euphrates. The city was located in the midst of a vast level plain, and for that reason the river moved sluggishly toward the Persian Gulf.

An enormous network of canals and ditches carried the water of the Euphrates out over the land, while during the flood season the surplus was stored in immense reservoirs.

It was a country of still waters, a veritable garden created by the most wonderful irrigation system the world has ever known.

Today Babylonia is a desert. For

its fruitfulness it depended wholly upon its system of irrigation long ago destroyed as a result of wars.

While scientific irrigation is still practiced in Egypt, much as it was of old, in other parts of the Orient the desert lands are watered by means extraordinarily primitive and laborious.

Thus in Persia an apparatus called a "tread-wheel" is used to lift water by the bucketful and pour it out upon the thirsty soil. By foot power the operator rotates the wheel (as shown in the photograph), resting his weight in turn upon four cross-ropes which connect together the side-pieces of the wheel. In this way he brings power to bear upon a rope which raises the bucket, filled, out of a deep well.

There is water under all deserts, sometimes at no great depth.

Athletics Better Defensive Aggregation Than Chicago Cubs

Breaks Will Play Big Part In Contests For World Baseball Title

Editor's Note: This is the first of two articles by Davis J. Walsh, dealing with the forthcoming world series in relation to the major departments of the game: attack and defense. Today, defense.

BY DAVIS J. WALSH

New York Sept. 21.—Starting out to talk about defense today, the writer can't seem to get away from the fact that there isn't any if the other guy lays you like an axminster with the first smash.

And it strikes me, as the fellow complained when he had examined the revolving door with the end of his nose, that no other world series known to baseball has had more authority riding with one game than figures to be the case when the Cubs and Athletics first meet on October 8 in Chicago. That particular ball contest should strip the rest of the program of all illusion and leave it bare to the eyes of the world. It should be the great convincer. This, by the way, has been the case in almost 20 of the 25 series series played to date.

If the Athletics, lose it, their chances will be less than poor the rest of the way, with the second and final two games scheduled for Chicago and the Cubs, heartened by their initial victory. If the Cubs blow it, the incident will be practically fatal, what with the third, fourth and fifth games coming up in Philadelphia where the Athletics are figured to be virtually unbeatable. It is the rather complex characteristics of the contenders that make all of this not only possible but probable.

Therefore, what price comparisons when one game may decide everything? The best they can do is to indicate which club might be likely to get the break at the outset but, in order to really know this, one would have to know definitely what men are to be pitched and what they will do after they get out there. In other words, you can't level a comparison on the breaks of baseball.

Comparison Means Little—Anyhow, it is my idea that the fact that one third baseman happens to be better than another is without significance. They are not playing this series between a couple of third basemen but purely on the basis of team against team, employing only the major departments of the game: attack and defense. Any comparison, therefore, that doesn't make itself apply to either or both of these divisions and in relation to the teams themselves fails to be of any great value.

Briefly, then, I consider the Philadelphia Athletics a sounder defensive team than the Chicago Cubs. Pitching not only is the better part of defense; it practically is all defense itself in a short series. There may be some argument as to whether Grove, Earnshaw, Walberg, Quinn, Ehmske and Remmell form a stronger staff than Bush, Blake, Malone, Root, Carlson and Neft. This is personal opinion stuff and gets you nowhere.

It also fails to take into account the thing that often makes a pitcher good or bad. I am referring to the matter of catching and here the Athletics are away out in front. Cochrane is the greatest man in the game and some say he is the great-

est of the age. If not all ages. Anyhow, he not only will give the Athletics a big break at the plate but figures to hold up his staff much better than Gonzales or Taylor, the latter having been saved from the minor leagues because the Cubs were short of catchers.

Hartnett, in condition, would be a much different matter. But I am assuming that Hartnett won't figure or, if he does, it will be to no great extent. He hasn't caught a game all season and can hardly be right now.

Cochrane Adds Strength—I should say that, regardless of how they look individually—left handers against right hand hitting and what not—that Cochrane makes the Athletics look the part of a better combination. And, at that, the Cubs have been beaten by Hubbell, Mitchell, Petty, Sherdell and other good left handers. So why get overheated about it? If Rube Waddell was available today, I don't suppose Connie Mack would figure on using him in the ball pen.

Ofhand, I like the Cubs' infield defensively. Infield defense, perforce, radiates from second base and the Hornsby-English pair has had a great year. They are as steady as Bishop and Boley and can do more things with that ball. Grimm is well out in front of Fox as a defensive first baseman, too. Considering the fact that both will figure in some 70 per cent of the plays, this fact is not without importance. Third baseman are far less prominent but it is worth mentioning that Dykes is a better ball player than McMillan.

There may be a choice between the two outfielders—Cuyler, Wilson and Stephenson, of the Cubs, and Simmons, Haas and Miller, of the Athletics—but I don't see how anybody can make it until they have matched the pair of them on the same field. They are very close, anyhow.

As for secondary strength, the Athletics seem to have the better of it. They have Dykes, who can shift to any other infield post; Hale, Cronin and Burns, extra infielders; French and Summa, reserve outfielders, and a better catcher on the bench, Perkins, than the Cubs are likely to have in their lineup. The latter have Tulson to replace Grimm but Beck would not go so well if he filled in for anybody but McMillan. Heathcote, the extra outfielder, compares more than favorably with French and Summa, however.

Macks Enroute To New Record In Games Won

Ten-Inning Victory Over Tigers Gives Athletics 99th Win of Year

New York Sept. 21.—Win, lose, or draw in the coming lawn parties with the Chicago Cubs, Connie Mack may well speak of his 1929 Athletics in the same reverential tone he uses when discussing his trumpeting white elephants of the past.

The current edition of A's have done quite a bit for the old man. First they gave him his first American League flag in 15 years. Secondly, the flag they won enabled him to pass neighbor Huggins in the matter of pennants won. And now they seem on the way to score more victories than any of Connie's earlier Athletics.

Their ten-inning 2 to 1, win over the Tigers yesterday gave them 99 wins against 44 losses. It seems more than probable that they will win five more games for 104 victories which will top the 103 of the 1910 A's—the highest number of triumphs yet scored by a Mack team.

St. Louis, behind the air-tight hurling of Alvin Crowder, blanked Washington, 1 to 0. Goose Goslin's error paved the way for the lone Brown tally.

Ferrell Saves Indians—Weoley Ferrell, sensational young Indian pitcher, stepped into the breach in time to stop a Red Sox uprising and Cleveland turned back the Boston boys, 4 to 2.

The Yankees and White Sox took one look at the bleak Yankee stadium and ran for their long flannels. They will make the game up by playing a double-header tomorrow.

Pittsburgh trimmed Boston, 10 to 3, in the only game played in the National League. Brooklyn and St. Louis, the only other clubs scheduled, were rained out. The Pirates' win gave them a five-game lead over the Giants in their battle for second place honor, glory, and, need we add, money.

Lon Chance Wins—Columbus, O., Sept. 21.—Those racing fans who visited Beulah park yesterday and placed their \$2 on Frankman in the sixth race, were congratulating themselves today. The horse paid \$50.00 on the \$2 ticket. Eddie Goodrich was the winning jockey.

New Rules To Confuse Many Grid Fans In Opening Contest

Confusion over new rules will, in all probability arise to the average football fan, when the opening game of the 1929 football season is played at Reilly Stadium Saturday afternoon, according to Joe M. Kelley, director of the Memorial building and member of the Northwestern Ohio Officials' association.

Principle among the changes effected in the grid code for this year, Kelley points out, is the new fumble rule, which states that in case of fumble by an offensive team, the ball cannot be advanced by the defensive eleven. Various other minor changes are also effected.

The rule, as applied to the fumble states: "A ball which has been muffed or fumbled and then recovered by opponents after striking the ground may not, under these rules, be advanced, but is dead at the point of recovery."

One Exception—Only one exception to this edict is made, according to Kelley, this being in case of the fumble or muffed is recovered while it is still in the air.

"In case an offensive player receives a forward pass, fumbles it, and it bounces into the arms of another player, on the defensive team, without touching the ground, it may be advanced," according to Kelley.

"This also applies to a punt; if Team A punts, the ball passes over the line of scrimmage, strikes a player of Team B, bounces in the air,

and is recovered by a player of Team A, the latter can advance it."

The rule which restricted players of the kicking side from advancing the ball in case they subsequently legally recovered it, has been extended to also cover kickoffs and free kicks and kicks which do not cross the line of scrimmage.

Screen Pass, Abolished—The screen pass will be passe in this year's football, for rule on such plays has been amplified to very definitely prohibit "passive" interference beyond the line of scrimmage. This means that players who are reliable to receive a pass cannot run interference for the receiver and block out defensive players who attempt to break up the pass, before it is caught. It is almost the same as the new rule in

baseball, which states that a player cannot "face" block an opponent, who attempts to intercept a pass.

The try-er-point touchdown will now be played from the two-yard line instead of the three-yard line as in former years.

Various other changes have been adopted, but none of major importance. Fans according to Kelley, will find it difficult enough attempting to keep up with the fumble rule, for confusion will arise in almost every game, with the spectators, until all fans acquaint themselves with changes.

—so Delightful to Drive!

The Chevrolet Six delivers its power with that smooth, even, velvety flow which characterizes the truly fine automobile! At every speed, you travel without the slightest annoyance from vibration or rumble. Equally delightful are the comfort and handling ease. Four long semi-elliptic shock absorber springs, set parallel to the frame, provide the road balance found in the finest cars. The steering gear is equipped throughout with friction-free ball bearings. And the big non-locking 4-wheel brakes are quiet, positive and unusually easy to apply. Only a demonstration can reveal how delightful it is to drive this amazing car!

—so Durable and Dependable!

In order to appreciate the value of the new Chevrolet, it is necessary to remember what a really fine Six it is. Its design represents more than four years' development and testing. Materials are carefully selected from the finest available sources of supply. Highly skilled workmen perform every manufacturing operation. And inspection is rigorous and continuous, from raw material to finished product. The result is quality so high that you can confidently look forward to thousands upon thousands of care-free, dependable miles!

—so Economical to Own!

Many people still do not appreciate how little it costs to own a Chevrolet Six. The Chevrolet Coach, for instance, with its beautiful Body by Fisher, is priced at \$595, f. o. b. factory, Flint, Michigan—with only the most reasonable charges for handling and financing. You can actually secure a Chevrolet Six for practically the same down payment and low monthly charges you would expect to pay for any low-priced car. In addition, the Chevrolet Six delivers better than 20 miles to the gallon of gasoline, with unusually low oil consumption! And Authorized Chevrolet Service is available everywhere on a low flat-rate basis, with extremely low-priced replacement parts. Come in to-day for a demonstration.

OFFICIALS PLAN LIQUOR ATTACKS

Council of War Scheduled
In Washington; Plans
Kept Secret

Washington, Sept. 21.—Approach of the "hot-loddy" month has caused another council of war to be held at Prohibition Commissioner James M. Dornan's headquarters.

Chicago and Detroit were designated as the main fronts of attack while less spectacular battles were indicated in New York, Philadelphia and other large centers where illicit booze is said to flow plentifully. Two dry officials from the Chicago section—Federal Attorney George Johnston and Alexander Jamieson—are enroute to their headquarters today with a determined mind.

It is probable the slogan of the new campaign is "dry up your territory by Thanksgiving" but Dornan wouldn't say. His plans for a gigantic drive are complete, it was indicated, but he declined to give details. The government does not care to "give away its hand."

While officials today declined to discuss the situation indications were that the prohibition office would make an effort to get into closer liaison with U. S. Attorney Charles F. Tuttle, at New York, the justice department authorities at Philadelphia, and possibly some other cities of the middle-west and Pacific coast.

The objective would be to map out a plan of cleanup action to wipe out, if possible, the larger sources of bootleggers supplies.

Haiti Destination Of Lindbergh Party

Santiago De Cuba, Sept. 21.—After a peaceful night spent in this Cuban city, Col. Charles A. Lindbergh and his party hopped off for Port-au-Prince, Haiti, at 6:36 o'clock this morning. The weather was clear. The big trim-motored Fokker got away in a good start with the engines working perfectly. It was a typical "Lindbergh take-off."

After taking the air the plane flew over this city while the people stood in the streets and the sound was heard of the airplane with its loud drumming motors peeping through the sky.

The occupants of the plane got a fine view of Santiago and the nearby mountains.

After flying over the city and harbor the plane headed in a southeasterly direction out over windward passage—the body of water connecting the Atlantic and the Caribbean.

The distance to Port-au-Prince is approximately 275 miles.

Gift Books Cause Arrest of Officials

Frankfort, Ky., Sept. 21.—Simultaneous with the announcement of the indictment of Gov. Flem D. Sampson of Kentucky and the seven members of the Textbook Commission, a charge of receiving gifts from textbook manufacturers, 23 true bills were returned against textbook companies charging them with "unlawful gifts" to members of the commission.

The gifts, which were alleged to have been from the companies to the governor and the Textbook Commission, included several hundred copies of salable textbooks.

Some of the members received as high as \$225 on the sale of the books, it is charged.

DOWNY AT THE STATE
Morton Downey, one of the greatest tenors now dependent on his vocal cords for room and rent, the singer who proved to be the outstanding player in "Syncopation," featured at the State next week, in what appears as the week's outstanding screen and sound event, in "My Mother's Boy." It will be at the State Thursday, Friday and Saturday.

Starting the week off at the State is another noted vitaphone picture, "The Time, The Place, The Girl," which is Grant Withers and Betty Compton in a spectacle that travels from the college gridiron to the busy-hustle of Wall Street in Gotham.

At the Royal will be featured all silent pictures as feature attractions, long hits and screen vaudeville acts, are scheduled for those who desire to see both talking and soundless dramatics.

Royal Features
The provincial Hebrew-Italian rivalry is again established as a setting for a vivid narrative for portrayal on the screen in the Royal's opening attraction, when "The Cohens and Kellys in Atlantic City," is shown, for three days Thursday through Saturday, starring Helen Lynch, while Friday and Saturday programs feature Keith Elder, famous aviator and the noted westerner, Hoot Gibson in "The Winged Horseman."

The State closes its program for the current week with the final showing of that history-making narrative of iron rails and gigantic steel engines, "Thunder," with Lon Chaney in the leading role. At the Royal is "Eyes of the Underworld," starring Bill Cody and Sally Blane.

"Thunder" is recognized as a great production chiefly because of stellar acting of the all-star cast. Chaney is a gruff old, pessimistic engineer, and carries the picture to his high rating in moviedom.

Dormant Volcano To Erupt, Is Belief

Honolulu, T. H., Sept. 21.—Severe local earthquakes in the North Kona district of Hawaii led to the belief today that Mount Hualalai, Volcanic peak, might erupt. Hualalai has been dormant since 1891. Cattlemen in the sparsely settled area were preparing to move their stock and goods in case of an outbreak. Seismologists said the volcano's might mean an eruption depending on whether the disturbances continue or not.

New Law Director

Mistrial Ordered In Southern Trial

Marion, N. C., Sept. 21.—The "insurrection" trial of Alfred Hoffman, southern organizer for the United Textile Workers union, and his five co-defendants, came to a sudden end today when a mistrial was ordered by Judge John H. Harwood when it was learned that J. Hugh Hall, one of the defendants, had escaped from prison during the night.

Hall escaped by sawing bars from a window of the McDowell county jail here, where he and others of the 60 persons indicted were imprisoned.

BANDIT COMMITS FOUR ROBBERIES

Three Filling Stations, One Cigar
Store Robbed In Columbus
By Lone Worker

Columbus, O., Sept. 21.—Working swiftly and with business-like precision, a lone bandit last night held up and robbed three filling stations and a cigar store in the downtown district and made good his escape with a combined loot of almost \$200. The descriptions of the bandit given by each of the victims tally.

Race Track Arrests

Cleveland, O., Sept. 21.—Thomas McGinty, Bainbridge race track operator, and three of his employees were free under \$200 bond each, today following their plea of not guilty before Probate Judge Charles E. Lenthart yesterday to gambling charges. The four men will be tried Wednesday.

A Conundrum

THE two men were the same height, the same age, the same weight. Their educational advantages had been equal, and yet there was a strange difference in their appearance.

One man had a springy step, an enthusiastic manner, a smile of confidence, while the other had an apathetic manner, a look of pessimism and a scowl suggesting unhappiness.

Which was the man with the growing savings account?

Many confident smiles are cultivated at our savings window.
